**Train the Risk Facilitator Services**

Pythagorisk Pty Ltd has developed training programs aimed at developing group facilitation skills in a risk context with optional on-going coaching. These are generally delivered in-house and can range from 1-3 days.

**Train the JHA Facilitator**

This training is designed to give supervision the necessary skills and knowledge to lead or review the development of JHAs to the required standard.

**Risk Facilitation Skills Development Training Workshop**

Skills development includes context setting; scoping a risk assessment; risk identification; risk, and confidence analysis; risk evaluation; risk treatment planning; and risk monitoring and audit. This is designed for facilitators and leaders of Team Based Risk Workshops.

**Train the Risk Facilitator – Knowledge and Skills Development Training Workshop**

This workshop is an extended version of the 2-day course, allowing more time for skills development, as well as additional knowledge development. This extension includes the role of the risk facilitator, and adding value to information and knowledge.

Course Title	Who should attend	Duration
Train the JHA Facilitator	Supervision	1 day
Risk Facilitation Skills Development Training Workshop	WHS Practitioners Trainee risk facilitators	2 days
Train the Risk Facilitator – Knowledge and Skills Development Training Workshop	WHS Practitioners Trainee risk facilitators	3 days
Risk Facilitator coaching	As agreed	On-going

- Management Support

**About the facilitator:**

The facilitator is our director Mr Trevor Little who has a First Class Mine Manager in both Western Australia and South Australia and was a former Head of Department of Mining Engineering and Mine surveying at WASM. He has successfully facilitated over 100 risk workshops and is currently writing a book on the subject. Trevor is interested in all aspects of risk and actively provides leadership through Pythagorisk Pty Ltd and TNL Consultants Pty Ltd.
