Registered Manager (RM), Alternate RM and Deputy RM MSIA Compliance Training

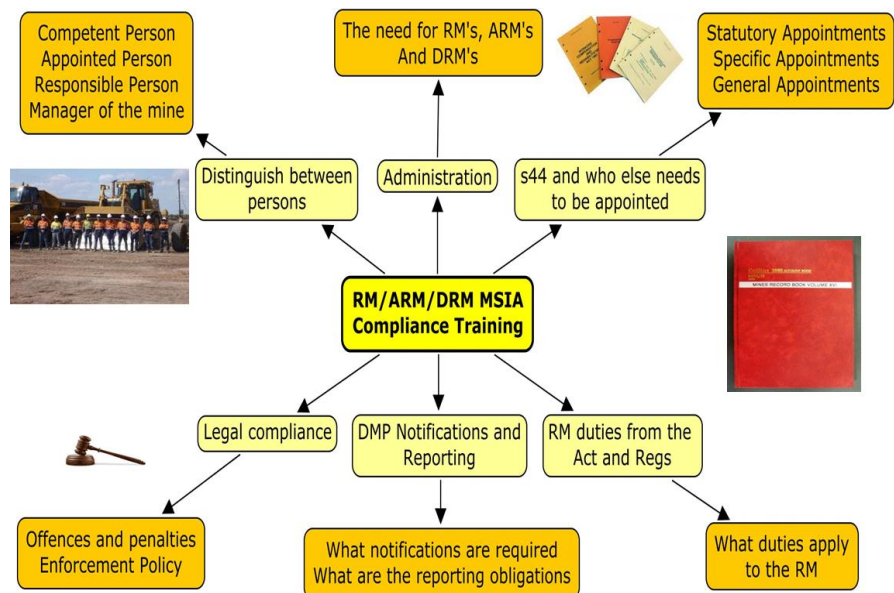

Pythagorisk Pty Ltd is pleased to be offering Mines Safety and Inspection Act (MSIA) compliance training to the mineral resources sector. A recent addition to the MSIA suite of courses that the director originally developed for Tiwest Minerals in 2005. This program builds increased awareness for Registered Manager's, their Alternates and Deputies in relation to their statutory obligations.

Benefits:

- The functions of the registered manager (s43) are understood and able to be demonstrated.
- Detailed knowledge of administration, including appointments of others, notification and reporting obligations developed.
- Detailed knowledge of statutory obligations of self, others and the flow-on effect through to operational staff and workforce resulting in improved safety performance.

We are proud of our MSIA Compliance Training history and leadership position.

Our approach:

PRPL Services

- Risk Consulting
- Training & Development
- Management Support
